1. This Office action is in response to the amendment filed 5/27/04.

2. The following is an examiner's statement of reasons for allowance: applicants' bringing the limitations of claim 10 into the independent claim 6 overcomes the prior art of record. The closest prior art of record appears to be the newly-cited Chang et al. reference. However, this lacks mention of any cocatalyst or that it is used for polymerization reactions, hence it is not really analogous art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Pasterczyk whose telephone number is 571-272-1375. The examiner can normally be reached on M-F from 8:30 to 5 PM.
